

IF THERE'S A THORN IN YOUR SIDE

If there's a thorn in your side do you keep it
If there's a thorn in your side do you pull
If there's a thorn in your side I want Jesus by my side
If there's a thorn in your side do you pull

Jesus had an enemy
And his name was Saul
But Jesus changed him dramatically
He even changed his name to Paul

If there's a thorn in your side do you keep it
If there's a thorn in your side do you pull
If there's a thorn in your side I want Jesus by my side
If there's a thorn in your side do you pull

Paul said I have a weakness
I don't think I can carry on
But oh Lord how you love me
Through my weakness you make me strong

If there's a thorn in your side do you keep it
If there's a thorn in your side do you pull
If there's a thorn in your side I want Jesus by my side
If there's a thorn in your side do you pull

Paul went a lot of places
Telling them all about Christ
Some were really excited
While others weren't very nice

If there's a thorn in your side do you keep it
If there's a thorn in your side do you pull
If there's a thorn in your side I want Jesus by my side
If there's a thorn in your side do you pull

Paul wrote a lot of letters
To some people he found
He said hate what is evil and cling to what is good
Love everyone around

If there's a thorn in your side do you keep it
If there's a thorn in your side do you pull
If there's a thorn in your side I want Jesus by my side
If there's a thorn in your side do you pull
